Work Experience

Jake Healy

Transition Year students carried out two weeks' work experience from November 3rd to 14th. During these two weeks, students gained valuable insight into the world of work. Students came back to school on November 17th with a new perspective on what working life will be like in the future. We would like to thank all the employers who facilitated our work experience.

Mental Health Awareness

Klent Nervez

I joined 19 other students from across Ireland to take part in a one week placement in St. Patrick's Mental Hospital from November 24th to 28th. During this week we participated in lectures given by individuals from the organisation. Subject areas covered included The Structure and History of St. Patrick's and The Stigma of Mental Health in Ireland. We also attended CPR training. The goal of the organisation is to raise awareness of mental health issues and educate the population starting with the twenty students invited. These twenty students then return to their schools and present what they have learned to their fellow students. It was a very worthwhile experience. I would like to thank St. Patrick's and Mr. Traynor for giving me this opportunity.

ISPCC TY Collection Day

Shane Kelly & Daniel Flatman

On Thursday December 4th, all Transition Year students took to Grafton Street with Holly Pin boxes, to fundraise for the Childline Emergency Christmas Appeal. We were positioned outside shops all the way down the street. It was a very successful collection day with some students collecting in the region of €150 for the charity. The purpose of his collection was so that Childline could be kept open during night hours, as it is facing financial troubles as a result of a lack of donations. The Childline phone service is the most well-known service that the ISPCC provides, and is so important to the children who use it. The representatives of the ISPCC were very appreciative and thanked all the Transition Year Students who participated.

Mountain Biking

Congratulations to Conor Lavelle (5th year) on achieving a third place mountain biking World Ranking. Conor writes:

"2014 was a big year for me travelling all over Europe racing my mountain bike. If you had asked me twelve months ago whether or not I planned on going abroad and racing in World Series Events I probably would have laughed and said that if I made it to Scotland I would be happy."

I got my first real feel of international racing in Scotland at the second round of the Enduro World Series where to my surprise I managed to finish 3rd place in Juniors. Following my good result in Scotland I was keen to get to as many other World Series races as possible and try to secure a World Ranking.

I was lucky enough to receive some financial support from a local company who were happy to help me out meaning I could compete in three more Enduro World Series races. After competing in 4 of 7 rounds I managed to do well in all 4 events giving me a World Ranking of 3rd place in Juniors.

From my success in 2014 I have received offers of a place on several teams. For 2015 I will be riding for a professional mountain bike team allowing me to compete in all rounds of the 2015 Enduro World Series. I will travel to New Zealand, Scotland, France, Italy, Canada, America and Spain to ride and race my mountain bike."

Conor has won a subsidised trip to Strasbourg for 24 students from the school to attend Euroscola, an annual event which brings together students from all over Europe to debate issues affecting people their age. Senior Art Trip

Ms. L. Healy

On Friday November 14th the 5th and 6th year Art students along with Ms.Healy and Ms. O'Rourke visited Newgrange and its heritage centre in Brú na Bóinne.

In spite of some serious flooding on the road leading to the Heritage site the bus made the journey safely. Thanks to Manos for his care

and patience. The bright blue sky created a stunning backdrop from which to view Brú na Bóinne.

The area boasts three significantly large passage graves – Newgrange, Knowth and Dowth. Knowth is regarded as the largest and most decorated megalithic passage grave in all of Europe. These ancient burial chambers have been declared as a World Heritage Site by UNESCO.

It is hoped that this will be an annual visit for the senior cycle art students in Clonkeen in that it is a topic on their History of Art curriculum for the Leaving Certificate and therefore extremely beneficial.

This visit was captured in photographs but it will no doubt register as a fond memory for all of those in attendance.

I personally am looking forward to next year already. Thank you to Manos, Ms O'Rourke and the students for their co-operation and excellent behaviour on the day.
